CLASSIC PROGRESSIVE

DIGITAL NON-COMPENSATED LENS FOR RELIABLE PERFORMANCE

Classic is a non-compensated progressive lens made with free-form technology, offering superior vision to a conventional molded progressive. Digital surfacing enables added-value features like near variable inset and optimized decentration, with a wider Rx range.

RECOMMENDED FOR

Experienced progressive lens wearers looking for an economic lens that delivers reliable performance.

WHY CHOOSE CLASSIC?

- Exceptional value digital lens design
- Precise focus for all distances

TECHNOLOGIES

Digital Surfacing - Improved accuracy

MFH: 16mm
ADD Power: 1.00 D – 3.50 D
